

Speereo Software UK has launched Speereo Voice Translator 3.0

St. Petersburg, Russia – May 10, 2006

Speereo Software UK Ltd. has launched a new version of Speereo Voice Translator 3.0 with embedded Speereo Mobile Travel Service for Windows Mobile 2003/5.0 devices.

Multilanguage version of Speereo Voice Translator is a totally voice-controlled innovative phrasebook that understands on-the-fly a phrase in English (even pronounced with a strong accent) and immediately reads back the same phrase in one of 11 languages (English, Chinese, German, French, Italian, Korean, Portuguese, Japanese, Spanish, Russian, Turkish). It includes phrases on a wide range of topics; business, technical, medical and legal terms, for instance, colloquial phrases, idioms, and slang.

Speereo Mobile Travel Service is a unique service that is targeted on traveling users of mobile phones. This service will satisfy the information requirements of global business and leisure travelers. Speereo Mobile Travel Service is a complete solution for active smartphone users.

Speereo Mobile Travel Service includes:

ü Online flight timetable

Online flight timetable is a service that provides hundreds of thousands of direct and connecting flights worldwide. All flights within your region and flights to/from the rest of the world including all Low Cost Carriers can be found in our service. Now you have just to indicate where you are going to fly and the service shows you all convenient flights.

ü Online flight status

The online flight status is online service that provides direct access to flight changes and when they happen - identifies a delay, cancellation, terminal gate change, and baggage information. Now traveler doesn't need to worry about being too early in the airport, to be late for the boarding or to look for a baggage.

At our web site <http://www.speereovt.com> you can download Travel Interest Guides and Online World Weather.

ü General travel and interest guides

Using travel guides, you will have all useful information for travelers at hand, including the following topics about the country which you are going to visit: General Information, Contact Addresses, Passport/Visa, Money, Duty Free, etc. Interest Ski guide describes 61 main resorts in 8 countries. Users can find varied useful information such as location, skiing details, accommodation, restaurants, information about arriving and top events. All useful information in our guides!

ü Online world weather

Using the service, traveler can check at the online forecast and current weather in the main cities in the world.

All the above is combined in one product with the user-friendly interface.
