

## **Speereo launches Voice Translator for Symbian**

**St. Petersburg, Russia – June 16, 2005** - Speereo Software launched new Speereo Voice Translator for Symbian. This new product allows users to increase the power of their smart phones and forget about linguistic and geographical barriers!

Once the user selects the proper phrase in one of 8 languages (English, Spanish, German, French, Italian, Russian, Chinese and Japanese), Speereo Voice Translator immediately reads back the same phrase in the other language.

About 4,000 most commonly used phrases, business, technical, medical, and legal terms, conversational phrases, idioms, and some slang are arranged in 16 main categories and 87 subcategories by subject, such as Travel, Useful, City, Buy Food, Shopping, Health and Entertainment.

The customers will enjoy the best world travel guides on their smart phones! Speereo Voice Translator has been enhanced by the Columbus Travel Guides on every country and many cities, which had been especially adapted for Speereo Voice Translator. Columbus Travel Guides is an invaluable source of comprehensive and detailed information for countries and cities worldwide. Now, wherever going, with Speereo Voice Translator powered by Columbus Travel Guides the customers will have at hand all useful information on the place of their visit, including sights, hotels, restaurants etc.

Moreover, the user can get free updates of actual weather in any city included in the used guides as well as the nearest time weather forecasts (GPRS connection is needed).
