

Speereo™ Voice Translator enhanced by Korean language

St. Petersburg, Russia – November 14, 2005

Speereo Software UK launched Speereo Voice Translator version 2.1.2 for Pocket PC and Pocket PC phone edition and version 1.1 for Symbian OS smartphones. The multilingual version of Speereo Voice Translator now consists of 9 languages translator including English - Korean translation. Multilanguage version for Symbian now offers translation through 36 language pairs. The Upgrades of multilingual version of Speereo™ Voice Translator version 2.1.2 and version 1.1 are free for end-users of previous multilingual versions.

Multilanguage version of the Speereo™ Voice Translator with built-in Speereo™ Speech Recognition Technology is designed especially for business communication and traveling. It is an innovative phrasebook running on Pocket PC and Pocket PC phone addition, that translates phrases from English language into any of languages such as Chinese, Japanese, Russian, Spanish, German, French, Italian and Korean.

The Speereo™ Voice Translator for Symbian OS smart phones is a **bi-directional** phrase translator from any of 9 languages into any of 9 languages such as English, Spanish, French, Italian, German, Russian, Chinese, Japanese, and Korean.

About 4,000 most commonly used phrases, business, technical, medical, and legal terms, conversational phrases, idioms, and some slang are arranged in 16 main categories and 87 subcategories by subject, such as Travel, Useful, City, Buy Food, Shopping, Health and Entertainment.

The customers will enjoy the best world travel guides on their smart phones! Speereo™ Voice Translator has been enhanced by the Columbus Travel Guides on every country and many cities, which had been especially adapted for Speereo™ Voice Translator. Columbus Travel Guides is an invaluable source of comprehensive and detailed information for countries and cities worldwide. Now, wherever you go, with Speereo™ Voice Translator powered by Columbus Travel Guides the customers will have all useful information on the place of their visit, including sights, hotels, restaurants etc. at hand.

Pocket PC Magazine, the most prestigious editions devoted to Pocket PC applications and technologies, has nominated Speereo™ Voice Translator as one of two best products of the Translators category in 2005

About Speereo Software UK, Ltd.

Speereo Software is a British IT company established in 1998 and involved in the development of proprietary speech technologies. Speereo Software has brought together engineers, mathematicians, and programmers experienced in the area of speech processing. Currently we employ 98 people in the company. Now the work on the speech recognition technology embodies 150 person-years. Thus far R&D has been financed internally by revenue generated from IT consulting.
